RSK INDIA PVT LTD

"Innovation" that begins with you"

Since opening in beginning of 2017, M/s RSK India is proud to serve Indian Industrial market. RSK India committed to not only providing quality products and services, but going above and beyond to ensure our customers are completely satisfied. We welcome you to look through our site to see all we have to offer.

- **Customized SS/MS Sheet metal finish Products**
- **Telecommunication / IT & Electrical Racks**
- **Aluminum Extrusion structures**
- **ABS / SS pipe and joint structures.**
- **ESD Tables and Chairs.**
- **Heavy/Medium/Light Weight Slotted Angle racks.**
- **Wooden and metal pallets**
- **Modular wooden Furniture**
- **Industrial Furniture.**

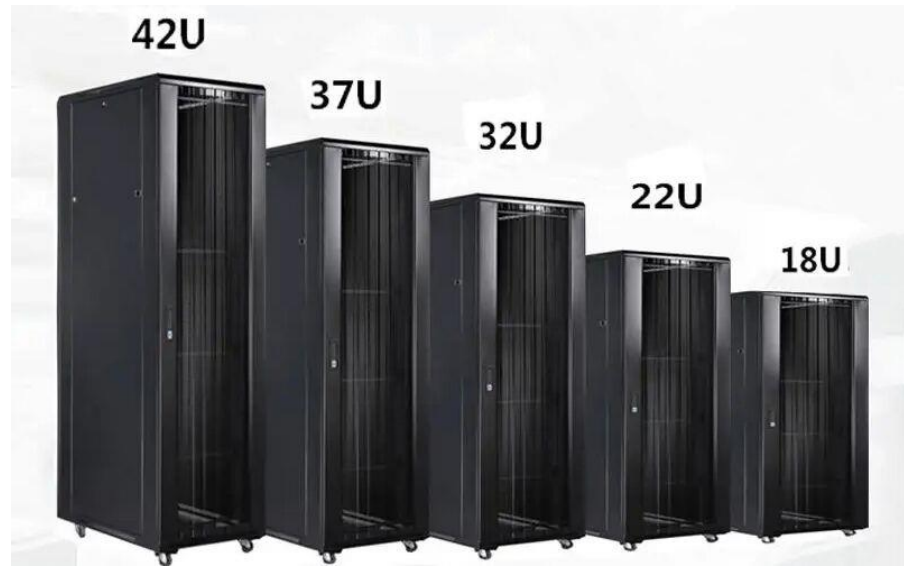

We have developed ourselves as manufacturers and service providers of production lines & conveyors. We are specialized in designing & manufacturing of various type of working table, assembly lines & conveyor lines etc. we provide various solutions for lean production, material storage, logistics and distribution etc.

We can design & manufacture customized "Metal & Wooden" products that are in accordance to the customer's requirement.

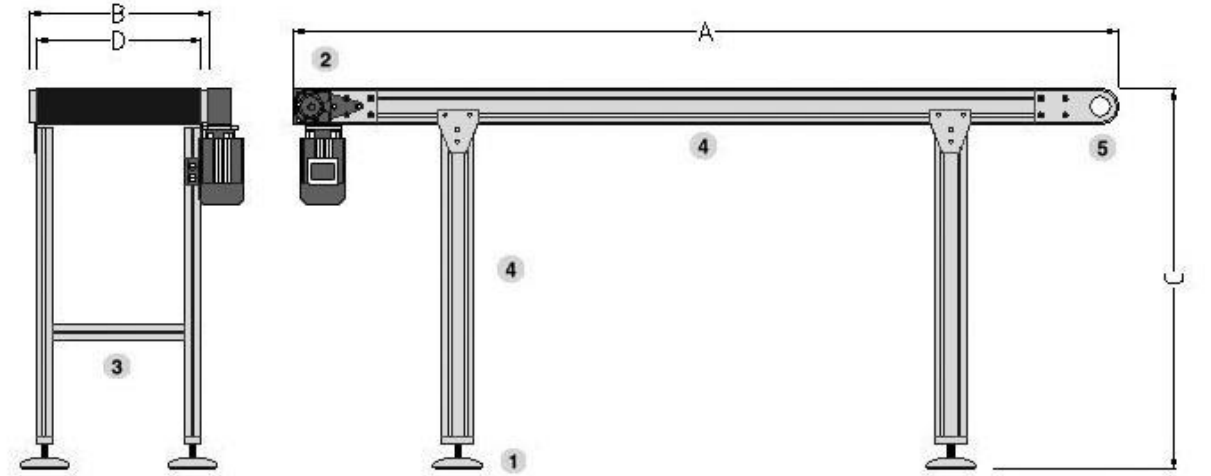

- Customized SS/MS Sheet metal finish Products

- Telecommunication / IT & Electrical Racks

- Aluminum Extrusion structures

- **ABS / SS pipe and joint structures**

Precise Lean tube diameter 28mm

Connector 2.3mm thick electrophosis

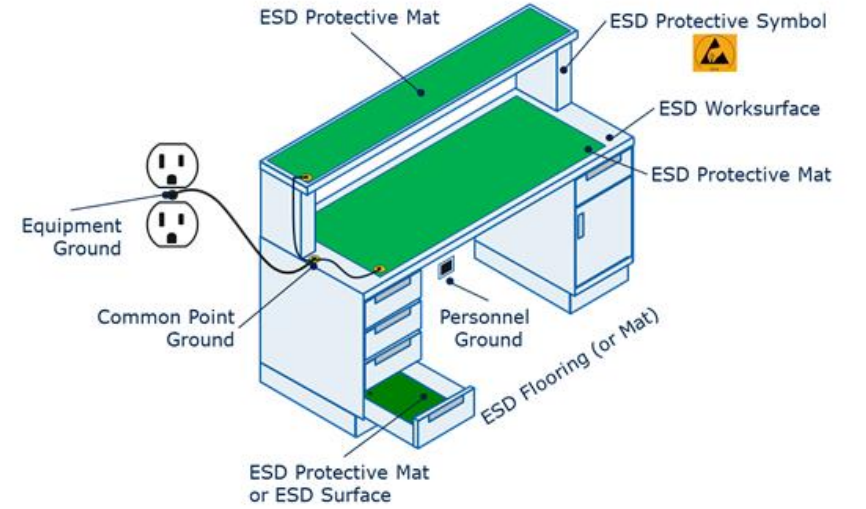

- ESD Tables and Chairs

Product Name	ESD Rubber Mat
Front anti-static	10e6-10e9 Ohm
Back anti-static	10e3-10e5 Ohm
Thickness optional	1.6mm /1.8mm /2mm /3mm /5mm
Width optional	within 1.2m
Length optional	within 10m
Customization	whole roll, precut, snaps

- Industrial Solutions .

WHO WE ARE ?

A creative team of Engineers who love design & manufacturing customized systems/components that are in accordance to the customer's requirement.

HOW WE WORK ?

We collaborate closely with you to understand your goals and then apply our creative expertise, delivering bespoke solutions that exceed expectations.

WHAT WE DO ?

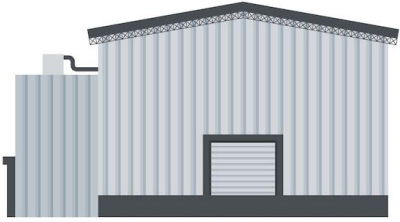

We transform ideas into stunning realities, crafting unique and impactful designs that resonate with your vision and your application.

We aspire to be the driving force behind manufacturing success stories.

We believe that exceptional design not only help to increase the efficiency of production and management it also attracts customers.

Our goal is to make your manufacturing facility stand out, connect with your material management need, and thrive in the competitive manufacturing landscape.

BASED IN A STATE-OF-THE-ART MANUFACTURING FACILITY, RSK INDIA PVT LTD EMPLOYS ADVANCED MACHINERY FOR IMPECCABLE PRECISION AND QUALITY IN OUR 18,000+ SQ. FT. Closed and 15000+ Sq.Ft. Open FABRICATION SETUP.

Clinching Machine

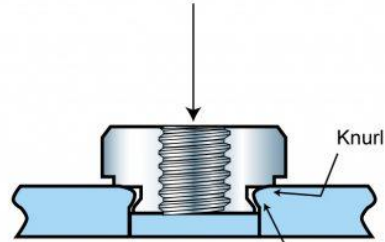

LOCATED

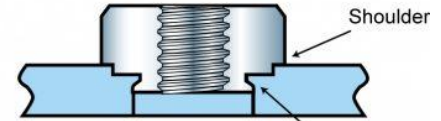

Fastener is Placed into Hole in Sheet.

FORCE

As Force is applied to Fastener, the knurl will displace material and it will begin to "Flow" into the undercut area.

INSTALLED

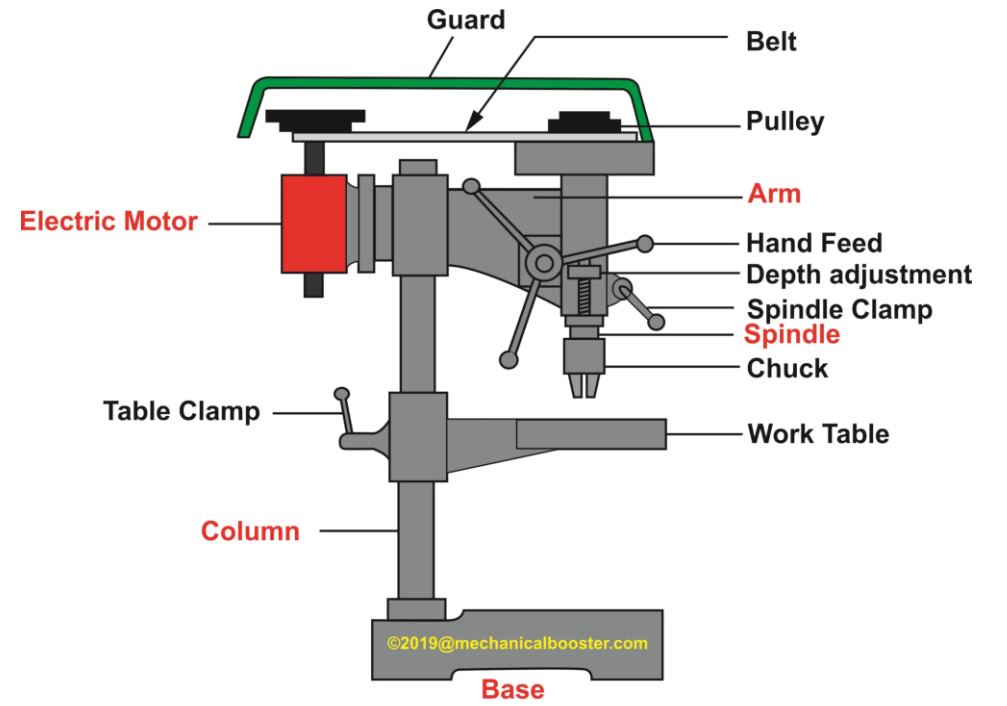

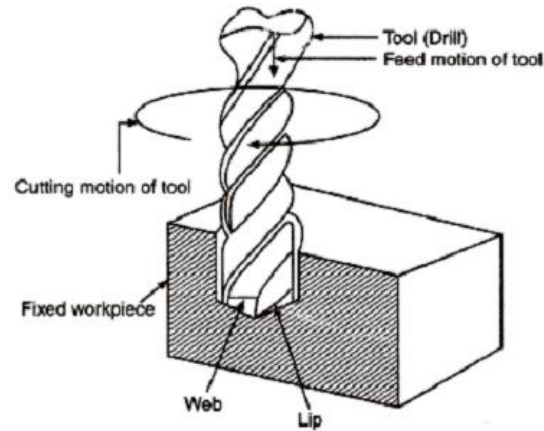

Force is applied until the shoulder of the fastener is seated flush with the Sheet. At this point, the displaced metal has filled the undercut and the fastener is locked in place.
